Gas emergency

Smell gas or think there might be a gas leak?

Call 0800 111 999 (24hrs)

In the event you can smell gas, immediately turn off the gas at the meter control valve.

Also ensure you do not expose the gas to any heat or flames. That means no smoking or lighting matches! Where possible you should also open any doors and windows to allow the gas to ventilate.

Electricity supply faults

If you have problems with your electricity supply and you have already checked you haven't blown a fuse, call 105

Your Electricity Distributor is Western Power Distribution. Their phone number is 0845 601 2989.

First port of call

If you have any questions about your energy statement, visit www.bulb.co.uk/help to read our guides and get support.

Please tell us if you are not happy

At Bulb, we strive to give you the best member experience possible. If we make a mistake or if you think we haven't done the right thing, please let us know so we can put things right.

If you aren't happy, we would love the opportunity to speak with you as soon as possible, so call us on 0300 30 30 635 and let us know you are not happy or email complaints@bulb.co.uk.

We will do everything we can to solve the problem within five business days.

Impartial advice

The Citizens Advice consumer service provides free confidential impartial advice on consumer issues and may be able to assist you during a complaint process. Visit citizensadvice.org.uk or call their helpline on 0808 223 1133.

If we still haven't met your expectations, the Energy Ombudsman can help.

If after 8 weeks your complaint is still not resolved or if we have issued you a deadlock letter (a letter which details what has happened and what we have suggested) you may get in touch with The Energy Ombudsman.

The Energy Ombudsman is a free, independent organisation that works to resolve issues between energy suppliers and members. Before going to the Ombudsman, you need to have given us an opportunity to resolve the issue first. Following this review, we are legally required to comply with their decision.

*Explaining your gas usage

Not all gas is created equal. We convert gas units from your meter into kWh to make sure the energy output of your gas is priced consistently. We do this using the following formula:

Meter units used	84
Volume conversion factor	x 1.00
Metric units	= 84
Volume correction	x 1.02264
Calorific value	x 39.1
Convert to kWh	÷ 3.6
Energy used	933.0 kWh

Energy Bills Support Scheme

All electricity customers will get £400 off their bills with the UK government's Energy Bills Support Scheme. It will be in instalments of £66 in October and November, and £67 each month from December to March. You don't need to apply, and you don't need to pay it back.

If you pay by Direct Debit or top up with Smart Pay As You Go, you'll get this automatically. If you top up using a key or card, you'll get a voucher each month – to use these, you'll need to make sure your contact details are up to date in your Bulb account. Payments and vouchers will normally arrive in the first 10 days of the month.
